

How do I add my Illinois DL or State ID to Apple Wallet?

To add your card to Apple Wallet, you need:

- A valid Illinois DL or ID
- An iPhone 8 or later or an Apple Watch Series 4 or later, with the latest version of iOS or watchOS

To add your driver's license or state ID to your iPhone and Apple Watch, follow these steps:

1. Open the Apple Wallet app on your iPhone. If you are not on Wi-Fi, turn on Cellular Data in Wallet Settings.
2. Tap the Add (+) button.
3. Select "Driver's License or State ID" and choose Illinois.
4. Choose to add to your iPhone only or to both your iPhone and paired Apple Watch.
5. Follow the onscreen instructions to scan the front and back of your Mobile ID.
6. Complete any additional steps or actions as instructed.

Use a well-lit area and a neutral background. Make sure that your image is clear and in focus before submitting.

After your request has been approved, your Mobile ID will be available in the Apple Wallet app.
